ARB Comment Response

Irvington Building Department

Attn: Sarah Palermo

To whom it may be concerned:

I, Joseph Carpanzano (Owner ~ Reliable Fence Company) testify that my company Reliable Fence was hired by Garthchester Realty (property manager) to replace a damaged, wood stockade fence behind multiple units of Pennybridge Manor Condominiums. The new fence to be installed is a 4' H PVC Adobe (walnut) color privacy fence (please refer to catalog for color sample). Fence will be installed in one continuous line behind inner-units 34-65 on Sunnyside place and three short lines at outer-units 45,53, and 59 on Sunnyside place as well (please refer to attached diagram).

I can be reached at 914-834-6477 should you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Joseph E. Carpanzano". The signature is written in a cursive style and is positioned above a horizontal line.

Joseph Carpanzano.

Interstate's Gates Our gates are known in the fence industry as being one of, if not the strongest PVC gate made. Our patented welded gate profile is square rather than rectangle, which makes it structurally stronger. The wall of the profile is doubled, serving two purposes. First is that it is twice the surface to be welded for double the strength. Second is the gate hardware is secured into two walls rather than just one wall of PVC. All gates include our patented Positive Gate Stop to help protect the gate and latch in case of a hard slam. Be sure to always leave your gates closed. Please ask the sales representative at your home to show you the sample gate corner and ask other companies to show you their gate.
