**RE: 26 Barney Park
Portico**

To Whom It May Concern,

We are respectfully submitting the attached building permit application for the scope of work related to the front entry portico at 26 Barney Park. This scope was discussed in our original application for the replacement of the windows. The scope we discussed at that time included a more substantial modification to the portico and at the meeting we reviewed it with the board and offered that we would return with a new concept plan for discussion with the ARB. The building owners have since made the decision to leave the existing portico in place with one minor change; we are eliminating two of the four columns and keeping everything else as is. We have included the proposed modification and a building permit application for your consideration. Thank you.

Sincerely,

Ron Hoina, AIA LEED AP
Partner
